Best Quality Bath Fittings
for Better Performance...

Carbon Faucets

About us

Experienced from 1991, **Carbon** is a highly reputed name engaged in manufacturing and supplying a complete range of Bath Fittings. Backed by a team of qualified professionals, we have been able to bring forward the best quality products. We have established a strong foothold in the national as well as international market by supplying the product to most demanding markets. Our products are processed using finest quality basic material, which ensures their high quality standards and efficiency. Our quality analysis test each lot of the finished products on well-defined parameters, thus ensuring compliance with international standards.

Products

We serve as the manufacturer and supplier of Luxurious Bath Fittings. Our products are developed using accurate metal compositions and advanced manufacturing techniques, which ensure the quality, durability and credibility of our range. Further, we also offer our products in various customized speculation as per the requirements of our clients and industrial application to the products.

Quality

Quality and perfection are the driving forces at our organization, that are actively taken care while manufacturing our offered products. For the production of these products, we have used best quality factor inputs that are obtained from reliable vendor base.

As an ISO 9001 : 2015 certified, we always maintain quality in the following process like basic component procurement, processing, packaging and so on. In addition, our range also undergoes through a strict quality check procedure that ensure that its high quality standards. The quality procedure followed at our end also satisfies our international clients.

Vision

Our vision is to be a world-class manufacturing enterprise employing lean and agile methods the poise us for fast, sustainable growth. We want to be a leading provider to innovative kitchen and bathroom solutions. With brand Carbon, we have stayed true to our mission of constant improvement and innovation. It is also our vision to be a complete water solutions provider.

Infrastructure

We have established well developed infrastructure equipped with latest technology and advanced machinery, quality testing and warehousing facilities. Our infrastructure is divided into various sections to maintain the flow of work. Therefore, if helps in implementing proper coordination enabling efficient business activities.

Research & Development

We posses a well equipped research and development unit managed by experts who conduct various experiments and researches on essential matter. Due to their untiring efforts, we are able to reach to the heart of our clients across the globe. Customer's complaints, market survey and feedback from periodic market research, etc. Provide inputs to our experts with which they redesign and develop products according to latest trends and client's requirements.

INNOVATIONS THAT INSPIRE. AESTHETICS THAT MESMERIZE.

DuraShine

Faucets plated with high quality chrome that gives long lasting shine.

SoftMove

Special cartridges to ensure smooth movement of single lever faucets.

LongLife

Cartridges and spindles tested for over 2 lakh cycles, assuring long life of faucets.

AutoWash

Electronic faucets with auto on/off, helps in saving water and maintaining hygiene.

EcoFlow

Eco-friendly faucets with water saving aerators.

UniFlow

Faucets with aerated flow technology for delivering uniform flow of water that feels smooth and soft.

EasyClean

Silicon rubber nozzels help in easy cleaning of soft deposits, hereby delivering uninterrupted flow.

GermFree

Sanitaryware with Silver Nano technology has unique anti-bacterial properties, giving superior hygiene and protection for your family.

EcoFlush

Conserves water by using only 4.7 litres for full flush and 3 litres for half flush.

DualFlush

Saves water with 6 litres for full flush and 3 litres for half flush.

SoftClose

Eliminates the unpleasant bang of the seat cover every time you close it.

Carbon Faucets

OUR IDEA CONNECTS

REGIONS, CITIES,
CULTURES, PEOPLE.
